NIIT University (NU) Forges Academic Collaborations with University of Indianapolis (UINDY)

- *Strategic Partnership to Enhance Global Learning and Research Opportunities for Students*
- *NU to Host 14th Convocation for the batch of 2024*

New Delhi, October 17, 2024: Established with a vision to bring about innovation in higher education and learning in emerging areas of the knowledge society, the University of the Future, [NIIT University \(NU\)](#), entered into a strategic collaboration with the University of Indianapolis (UINDY), aimed at expanding global educational and research opportunities for its students. UINDY's robust and cutting-edge programmes and research will offer NU students a global exposure.

This partnership will enhance educational and research opportunities for both students and faculty. NU graduate students can undertake a semester-long internship or research project at UINDY, with options for up to one year. Additionally, all BTech and BBA students at NU can pursue a 6-month to 1-year research practice internship at UINDY, after which they can seamlessly transition into the on-site Corporate MBA programme, provided they meet their academic requirements. NU undergraduate students from various disciplines can also transition smoothly to the Corporate MBA programme at UINDY. Faculty from both institutions can collaborate on research initiatives and joint conferences, with specialized courses offered by UINDY and NU faculty either on-site or online for terms lasting up to one year. To further enrich the experience, UINDY students can participate in an India immersion residential programme organized by NU, while NU students can engage in a U.S. immersion residential programme at UINDY.

Prof. Prakash Gopalan, President, NIIT University, emphasized the importance of the upcoming partnership, stating: "This collaboration with UINDY marks a significant milestone in NU's journey to provide students with a global perspective, empowering them to excel in today's interconnected world. As we prepare for our 14th Convocation, we celebrate not only the achievements of our graduates but also the new opportunities this partnership will create, enriching their educational experiences and future career paths."

Prof. Tanuja Singh, President, UINDY, shared: "Our institutions are deeply committed to developing leaders who not only excel in their respective fields but are also equipped with a strong sense of global responsibility. We are thrilled to partner with NIIT University to create opportunities for students to engage in cross-border educational and research initiatives, fostering innovation and leadership to shape a brighter future."

NIIT University is all set to host the 14th Convocation for the outgoing batch on October 19, 2024, at the university auditorium in Neemrana, Rajasthan. This event will celebrate the academic achievements of their graduates and master's students. The distinguished Chief Guest, Ms. Debjani Ghosh, President of NASSCOM, will deliver the Convocation Address. On the occasion 270 students will be presented with their degree certificates.

Ranked #1 in Rajasthan and #16 in India as per the IIRF (Indian Institutional Ranking Framework) ranking 2023, NU has consistently maintained a 100% placement record for all students who have applied. **For the class of 2024**, over **93% of students** secured their aspired roles in various renowned organizations like **Maruti Suzuki, Volkswagen, KPMG, Genpact, EY, IBM** etc. among others. The average CTC for the top **10% of students is 16.5 LPA**. The highest salary offered to a student from NU has been **Rs 44.27 LPA** till date.

Sustainability is central to NU and the university has undertaken various initiatives to facilitate ecological resurrection and contain ecological degradation of its surrounding areas. NU Students are actively engaged in efforts for the ecological resurrection of part of Aravali hills, adjacent to NU. To bring about a larger change, the local community in Neemrana has been involved in the efforts as well. NU's Green Campus is compliant with all regional environmental norms, boasting of buildings with effective green architectural design parameters, thereby significantly reducing carbon footprint. The campus has retained the *Natural Lay of the Land* by adapting structures to the surface contours, thus drastically reducing the impact of construction on local geology.

NIIT University Signs MoU with the University of Indianapolis

Friday, 18 October 2024, 15:33 IST

Team siliconindia

NIIT University (NU), a leading knowledge campus, today announced a strategic pact with the University of Indianapolis (UINDY) for expanding educational and research opportunities for NU students. The **MoU positions NU in its quest for innovation** in higher education towards emerging fields. It provides avenues to NU students to experience global exposure through advanced programs and research initiatives by UINDY.

This partnership will make opportunities for education and research possible among the students and faculty of both institutions. The graduate students of NU as per need, will now be allowed to take **semester-long internships or research projects at UINDY**, options extended up to one year. Moreover, any BTech and BBA student at NU is also eligible to be a part of the research internship called UINDY, which can last from six months to one year, thereafter continuing for on-site Corporate MBA, following their academic qualification. Similarly, any undergraduate degree from any field at NU is also eligible to join UINDY's Corporate MBA.
