PRESS RELEASE

NIIT University (NU) Opens Early Admissions for the Batch of 2025

- Admissions open for new-age programmes designed to make you future-ready
 - Limited seats available through the Early Admission mode

New Delhi, January 22, 2025: Established with a vision to bring about innovation in higher education and learning in emerging areas of the **knowledge society**, the University of the Future, [NIIT University \(NU\)](#), has announced early admission for the academic year 2025. With innovative academic programmes, global collaborations with institutions like the University of Indianapolis (UINDY) and Victoria University of Wellington (VUW), and a commitment to shaping future leaders, NU provides an unparalleled learning experience.

By securing their seat in NU, students can now focus on their 12th board exams without worrying about their college selection. With limited seats available through early admission, selection is on a first-come, first-served basis for those who meet the admission criteria.

Admissions are now open to new-age programmes such as *BTech in AI & Data Science*, *BTech in Cyber Security*, *BTech in IoT and Automation* and *Integrated Masters in Business Administration* that have been designed to provide students with skill sets aligned to the future world of work. Students can also opt for *BTech in Computer Science & Engineering*, *BTech in Electronics & Communication Engineering*, *BTech in Biotechnology*, *5-year integrated MTech* and *3-year BBA* programmes after class 12.

Another unique feature of the university is 1-year Industry Practice in the fourth year of BTech without compromising on the discipline of core courses. This 1-year Industry Practice offers an opportunity for students to get engaged in major project of the organization. It can place the student on a higher platform as s/he enters her/ his first job with one year of experience compared to her/ his counterpart.

Students applying with JEE score are exempted from the NU Aptitude Test (NUAT) and can appear directly for the Personal Interaction with our faculty panel. Students who already applied earlier maybe eligible for a scholarship upgrade on the basis of their JEE score. NU offers Special scholarship, Co-curricular Scholarship, Special Fee Waiver, with awards ranging from ₹50,000 to ₹200,000 annually to eligible students.

With a strong focus on making students job-ready, NIIT University (NU) integrates hands-on industry experience into the coursework across all programmes. This includes industry-originated classroom projects and [summer internships](#). In fact, NU's BTech programmes allocate 35% of their weightage to practical learning opportunities. Through its [Centre for Industrial Collaboration \(CIC\)](#), NU invites top companies to participate in the summer internship and Industry Practice programmes, ensuring that students gain valuable experience and find the ideal fit for their chosen career paths.

Prof. Prakash Gopalan, President, NIIT University said, *"We strive to cultivate a culture of continuous learning, collaboration, and building global awareness, ensuring that our graduates are equipped not just to face the future, but to shape it. By empowering students with the tools to navigate complex challenges and seize new opportunities, we are preparing them to lead and drive positive change in today's dynamic environment."*

NU has maintained 100% placement record for eligible students since its inception. NU boasts a remarkable 100% placement record for eligible students since its inception. Top organizations like Ernst & Young, Cisco, Morgan Stanley, PWC, Data Security Council of India, IBM, Genpact, and Western Union are among the prominent recruiters, offering the highest salary of **Rs 44.27 LPA**. Graduates enjoy a 95% role fitment in sought-after profiles such as AI-Data Scientist, Cognitive Data Scientist, Business Analyst, Network Security Consultant, and Cyber Security Analyst, securing an average salary of **Rs. 7.92 LPA**.

NIIT University Introduces Early Admissions For 2025 Academic Year

NIIT University has announced early admissions for the 2025 academic year, offering innovative academic programs and scholarships to prepare students for future job markets. With a focus on industry practice, NU aims to enhance job readiness and employability among graduates.

By **Gowri L** Updated: Wednesday, January 22, 2025, 14:34 (IST)

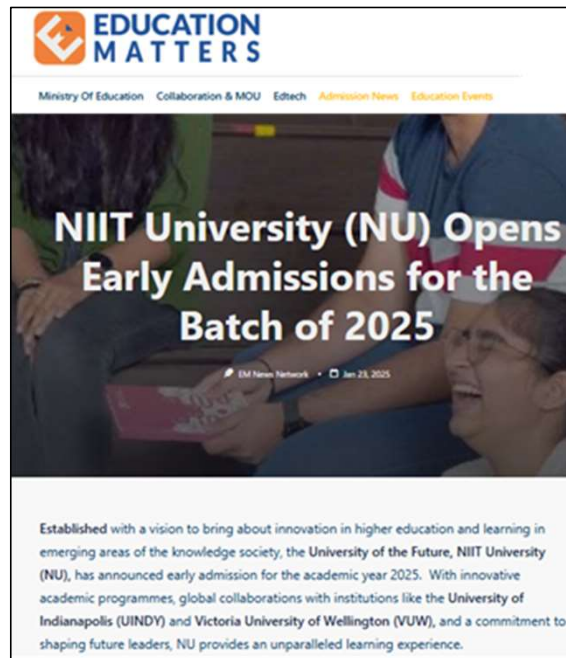

NIIT University (NU) has made a significant announcement regarding early admissions for the academic year 2025, emphasizing its role in revolutionizing higher education and learning. Known for its forward-thinking academic programs and strategic partnerships with global institutions like the University of Indianapolis and Victoria University of Wellington, NU is dedicated to molding the leaders of tomorrow through an exceptional educational experience. This initiative allows students to secure their future academic paths well in advance, enabling them to concentrate on their immediate educational responsibilities, such as the 12th board exams, without the added stress of college admissions.
